### LAUNCH OF YACHT SERVICES AT SALONE NAUTICO GENOVA

As fine art partner of the Salone Nautico Show 2016, Weng Contemporary launches its new services designed for private yachts owners, charter yacht companies, and yacht interior designers.

Because of the nature of yachting, the art on board should meet certain standards: impressive and high-end, yet adaptable to conservation issues connected with the environment (light, humidity. etc.), as well as with an eye on the insurance cover.

Fine art editions are the answer to all these requirements, and Weng Contemporary offers the broadest selection of original prints and editions by leading contemporary artists.

With free project-based consultations and attractive discount packages, Weng Contemporary provides a complete service to make your on-board experience even richer and more satisfying.

### ART EXHIBITIONS AT THE SALONE NAUTICO AND VIA GARIBALDI 12

Weng Contemporary presents "The Power of the Sea", an exclusive exhibition of Robert Longo's oeuvre in the main lobby of the Salone Nautico and in the international press lobbies 1 and 2 of Padiglione B. The show will explore the artist's relationship with the power of the sea and its sublime, yet fearful force.

"I always imagine that I want to make art that is going to kill you, either visually or physically." – Robert Longo

And in collaboration with Via Garibaldi 12 Lifestylestore ([www.viagaribaldi12.com](http://www.viagaribaldi12.com)), visitors can enjoy a curated selection of fine art editions by acclaimed blue-chip artist Alex Katz, in the show "GlamorousInBlue" which explores the themes of fashion and glamour to celebrate style and feminine beauty.

"The image of Ada is like a romance picture. There's an implied motion to it. And there is glamour." – Alex Katz
